ABOUT OUR NEIGHBORHOODS

Map and more info at cudelledgewater.com

Cudell and Edgewater are the diverse, historic, and growing neighborhoods on the west side of Cleveland just south of Lake Erie.

In both neighborhoods, you will find busy hubs on **Detroit Avenue**, great public transit, and easy access to **Edgewater Park** and its greenspace and beaches. **West Boulevard**, with its wide front yards and beautiful trees, stretches northward through both neighborhoods to Edgewater Park.

The **RTA Red Line** provides rapid transit running through the neighborhoods for quick connections to the airport, Downtown, and Cleveland's east side.

Cudell

The **Cudell** neighborhood is filled with long residential streets connecting to **Madison Avenue**, where creatives, manufacturers, and urban farmers are hard at work. Residents of Cudell call their neighborhood working-class, accepting, and quaint.

Cudell Resource & Recreation Center provides free sports, swimming, and year-round programming. **Cudell Fine Arts**, the City's only public arts center, provides painting, sculpture, and other classes for all ages. Both centers are adjacent to the Cudell Commons greenspace.

EDGEWATER

The **Edgewater** neighborhood is well-known for stately homes on the lakefront and many streetcar-era buildings along **Clifton Boulevard**. Cleveland's LGBTQ+ community is very visible in Edgewater's small businesses and community groups.

EVENTS & ACTIVITIES

Our community's signature event is **Edgewater NeighborFest**, a FREE summer afternoon of art, music, and play on Clifton Boulevard! This event is held annually on the last Sunday of June.
